

- For students needing a short-term project to fulfill service requirements for school, church, scouts, honors societies, clubs, etc.
- Students should check to see if the project meets the organizations requirements. Individuals track hours spent.
- Finalized projects can be brought to Rescue Village during adoption hours. Students will then receive a letter verifying the work done.

Host a Donation Drive

Put a shout out to friends, family, teachers, and classmates that you are collecting bedding to donate to the animals at RV. This includes donations of fleece! Make and decorate a large bin to collect them in!

Making Toys/Treats

See attached for additional details

- Healthy homemade dog biscuits (list ingredients and date made)
- Catnip socks
- Dog rope toys

Adoption Cards

Make homemade thank you cards for adoptors. Write about how happy you are that they adopted from RV and wish them luck and love with their new shelter pet. These can then be delivered to RV.

Volunteer Cards

Make general thank you cards to volunteers. They are key to RV and we appreciate your help in spreading that love. Make cards general so that they can be distributed across departments.

Pennies for Pets

- Decorate a donation jar/can
- Put it out at an event (party, birthday, dinner)
- Ask your school, church, or clubs if you can put it out or leave one in each room.
- Collect the funds and convert change to bills or gift cards for the animals.

Fleece Cat Blankets

1. Place two pieces of fleece on top of each other
2. Holding the two together, cut both into a perfect square (22"x22")
3. Cut out 4 corner squares (3"x4") in both
4. Cut 3/4 strips on each of the sides
5. Double knot the strips together from each fleece square.

*everything should line up to make it double sided!
